

# Popsicle Stick Scarecrow

## Materials:

Popsicle sticks  
Black markers  
Orange paint  
Paint brush  
Googly eyes  
scissors  
Yellow paper

## Instructions:

Step 1: Lay six popsicle sticks side by side to form a rectangle

Step 2: Cut a rectangle out of paper that is slightly smaller than the one made by your popsicle sticks

Step 3: Glue the paper rectangle onto the popsicle sticks. This is what is going to hold the popsicle sticks together.

Step 4: Once the glue has dried, flip over the popsicle sticks, so that you no longer see the paper

Step 5: With a ruler draw a diagonal line near the top of the popsicle sticks

Step 6: Paint orange above the diagonal line

Step 7: Paint one popsicle stick orange

Step 8: Once the orange popsicle stick has dried, glue it on over top of the diagonal line that you drew in step 5

Step 9: Glue the eyes on

Step 10: Cut a triangle out of yellow paper or yellow felt paper

Step 11: Glue the triangle just below the eyes

Step 12: Draw a mouth on the scarecrow

Step 13: (optional): Glue a button on the hat

Step 14: Using scissors cut thin stripes (about the size of a French fry) to act as the hair of the scarecrow

Step 15: Glue the hair just below the orange hat.
